Annual Administration Activities

Context: Organisations have certain key administrative activities that must be carried out annually.

Resource Toolkit: The resources provided in the table below may be used to help identify and plan for those recurring activities.

Note: The items below are suggested resources and their use is not mandatory. Organisations are free to continue to use their own, existing resources or to amend the resources below as they see fit.

If your organisation is partnered with a Shared Services Centre for HR, Pensions or Payroll purposes, you may need to clarify with them what elements of work, (if any), that they have been resourced to undertake on your behalf.

Training Resources: Administrators can access a soft-copy of the “Leaving Employment and Annual Administration Activities” training booklet provided at workshops delivered as part of the Single Scheme Project Team programme of training for Relevant Authorities. Resource Name	Draft ANN.G.01 (Phase 1)
Resource Reference	SPS.ANN.G.01
Description	These guidelines may be used to support the execution of their core administration activities of the Single Public Service Pension Scheme.
Version	V1.02
Version comments	Template update

PLEASE NOTE: Administrators may refer to the Draft ANN.G.01 for more information. Officers noted in this Procedure book should refer to the Single Scheme Website at www.singlepensionscheme.gov.ie

IMPORTANT: These are suggested activities for your core administration. Please consider their needs, being mindful of the complexity of certain core administration activities.

Overview

In addition to undertaking day-to-day administration of the Single Scheme for their organisation's members (*recruitment*, processing *leavers* and *retirements*, deducting and *remitting pension contributions*, etc.), pension administrators must also undertake a number of **annual core administration activities** that are critical from a statutory compliance perspective and to ensure overall membership records are up-to-date.

Sample Scheme Administration Calendar for annual core administration activities

The table below provides a high-level suggested Scheme Administration Calendar that administrators may consider adopting for their planning of annual core administration activities associated with the Single Scheme:

Core Single Scheme Administration Activity	Calendar Month											
	J	F	M	A	M	J	J	A	S	O	N	D
A DPER Scheme Membership Survey (for Pensions Authority Fees) (w.e.f. 1 Jan)												
B Pensioners' Payroll Adjustments												
C Update/Revaluation of Deferred Member Benefits												
D Apply CPI for active members (@ 31 December last) and prepare and issue Annual Benefit Statements												
E Pensioner Declaration Exercise												

This list of annual activities included in the Administration Calendar above is not intended to be exhaustive and may differ depending on organisation size and complexity. Administrators may wish to consider adding other activities, such as financial planning, audit review or pension presentations for current or retiring staff into this calendar.

The remainder of this guide focusses on summarising the tasks associated with completing each core administration activity for the Single Scheme and highlights resources that may be of assistance to administrators.

A. Annual Scheme Membership Survey

- Annual fees are payable to the Pensions Authority for the Single Schemes. The fee is based on the total active membership of the Single Scheme and highlights annually.
- The Department of Public Expenditure & Reform has undertaken, on behalf of all Single Scheme employers across the Public Service, to calculate and remit the annual fees due to the Pensions Authority in respect of the Single Scheme.
- It is suggested that administrators prepare for this survey in early January each year by preparing a report of active and deferred members (headcount) on the last day of the previous year.

Part B – About your Statement

What is the purpose of my Annual Benefit Statement?

Your Annual Benefit Statement is an important document. It shows the benefits that you have earned under the Single Public Service Pension Scheme up to 31 December in this employment. It also confirms the regular contributions that you have paid during this employment up to 31 December last, as well as:

- any extra contributions you may have paid into the Scheme from your own resources up to 31 December last during this employment to purchase additional benefits under the Scheme in accordance with DPER Circular 15 of 2019; and/or
- any Transfer Value accepted and paid into the Scheme up to 31 December last during this employment from an external pensions arrangement in accordance with DPER Circular 15 of 2019.

Benefits you earn or contributions paid into the Scheme after 31 December last will appear in next year's Annual Benefit Statement.

Your Statement also provides you with an opportunity to check the personal information that we have on record for you. It should be read in conjunction with the following documents:

- the **Scheme Booklet** and **"At-A-Glance"** guides available at www.singlepensionscheme.gov.ie
- the Important Notes at the end of this Statement

Part C – Summary of all Contributions paid and Benefits Earned to the end of last year

Retirement benefits consist of a once-off lump sum and an annual retirement pension. Each time you pay contributions into the Single Scheme, you earn amounts based on your pensionable pay towards your potential retirement benefits². In addition, any extra contributions that may be paid into the Scheme (see Part G), will increase your potential retirement benefits under the Scheme.

The table below provides a summary "snapshot" at **31 December last** of the total contributions paid (including any extra lump sums or Transfer Values received) and retirement benefits earned by you in this employment.

Summary of your Single Scheme Contributions in this employment to the end of last year	
Total contributions	€0.00
Summary of your total Retirement Benefit Amounts in this employment to the end of last year	
Once-Off Retirement Lump Sum	€0.00
Annual Retirement Pension	€0.00

The amounts that you earned under the Scheme *in this employment* in earlier years, if applicable, have been increased to take account of inflation. Contributions paid (including any extra lump sums or Transfer Values received) and benefits earned after 31 December last will be included in next year's Annual Benefit Statement.

IMPORTANT:

- You will only have a future entitlement to benefits if you pay contributions to the Scheme for at least 2 years (see Part I).
- Retirement Benefit amounts earned in earlier tax years have been increased to take inflation into account. These may be further increased to take account of any future increases in inflation. You can find further details of how your contributions and retirement benefits are calculated in your Scheme Booklet.

Part D – Breakdown of Contributions paid and Benefits Earned to the end of last year

The table below provides a more detailed breakdown of the contributions paid and the retirement benefits² earned by you under the Scheme during your employment with us up to **31 December last**:

- in the last calendar year
- in earlier calendar years (if applicable)

If, in this period of employment, you have repaid pension contributions that were previously refunded to you in earlier Single Scheme employments, these amounts and the corresponding benefits restored are also included.
