Purchase

Context: A facility for the purchase of retirement benefits in the Single Scheme has been established by Regulations (S.I. 252/2019). Details of the facility are set out in Department of Public Expenditure and Reform Circular 15/2019.

Templates: The templates provided in the tables below are intended to assist organisations in the administration of the purchase facility.

Note: The templates and calculation tools below are suggested resources and their use is not mandatory. Organisations are free to use their own resources or to amend the resources below as they see fit.

If your organisation is partnered with a Shared Services Centre for HR, Pensions or Payroll purposes, you may need to clarify with them what elements of work, if any, they have been contracted to undertake on your behalf.

Suggested procedure outlining key steps that a Relevant Authority might take where a Single Scheme member expresses an interest in purchasing additional pension and/or lump sum referable amounts
V1.0

PLEASE NOTE: Administrators may access legislation, Circulars or Letters to Personnel Officers noted in this procedure by accessing the Circulars & Legislation Section of the Single Scheme Website at www.singlepensionscheme.gov.ie/circulars

IMPORTANT: These processes have been prepared for the purchase of additional retirement benefits as part of the Single Public Service Pension Scheme for standard and certain fast accrual, uniformed members (Gardaí, Prison Officers, and Firefighters). Members of the Permanent Defence Forces are currently ineligible to purchase additional retirement benefits. When preparing these processes it is assumed that there is no Pensions Adjustment Order against member benefits and no benefits are payable to a former Spouse/Civil Partner.

For the purposes of these guidelines it is assumed that Relevant Authorities are operating an RA Notice Period.

The screenshot shows the website for the Single Public Service Pension Scheme. On the left is a vertical navigation menu with three icons: a building for 'Employers', a briefcase for 'Toolkits', and a checkmark for 'Purchase & Transfer'. The main header includes the site name, language options (English, Gaeilge), font size controls (Aa, Aa), and a search bar. The navigation bar has links for Home, Overview, Members, Employers, and News. The main content area features a large image of a smiling woman and a man in a hard hat. Below the image is a breadcrumb trail: 'Single Public Service Pension Scheme > Employers > Toolkits > Calculation Tools > Administrator Purchase Calculation Tool'. The title 'Administrator Purchase Calculation Tool' is displayed in blue. The text explains the tool's purpose: 'This tool is designed for use in conjunction with Circular 15/2019 and Circular 06/2020. It assists pension administrators to calculate: (1) the limits that apply to the purchase of additional pension and/or lump sum referable amounts by a Single Scheme member at a particular point in time; and (2) the cost of purchasing pension and/or lump sum referable amounts for that Single Scheme member at that point in time'. It also lists the document name as 'Administrator Purchase Calculation Tool' and the date of issue as 'April 2020'. At the bottom, there is a download link for an Excel file (145 KB) with a green Excel icon.

Administrator Purchase Calculation Tool

This tool is designed for use in conjunction with Circular 15/2019 and Circular 06/2020.

It assists pension administrators to calculate:

Purpose

- (1) the limits that apply to the purchase of additional pension and/or lump sum referable amounts by a Single Scheme member at a particular point in time; and
- (2) the cost of purchasing pension and/or lump sum referable amounts for that Single Scheme member at that point in time

Member Purchase Cost Calculation Tool

Purpose

The Single Scheme Member Calculation tool is a spreadsheet based calculator designed to give **active** Single Scheme members an indication of the cost of purchasing additional benefits under the Scheme provided for by regulations made in S.I. 252 of 2019 / S.I. 73 of 2020 and information set out in [Circular 15 of 2019](#) / [Circular 06 of 2020](#). The calculation tool can also be used to calculate the value of benefits transferable into the Single Scheme from another Revenue approved occupational pension scheme.

This calculation tool does not calculate the limits that apply to a Scheme member's purchase/ purchase by way of transfer.

You should notify your Pensions Administrator or, if applicable, Shared HR/Pensions/Payroll Centre if you wish to formally initiate the purchase of additional benefits under the Single Scheme or make formal arrangements to transfer benefits from another Revenue approved occupational pension scheme into the Single Scheme.

Purchase Facility - Overview

Purchase – Overview

- Pensions Act 1990 requires employers to facilitate transfer of benefits and enable eligible members to pay extra contributions and augment their benefits
- *Public Service Pensions (Single Scheme and Other Provisions) Act 2012* – no specific provision for purchase
- Ministerial commitment given to staff representatives to provide for purchase & transfer

Purchase – Overview

What is the Single Scheme purchase facility?

A means by which eligible members can buy extra retirement benefits from their own resources in addition to those built-up over the course of a member's pensionable employment

Purchase – Overview

Circulars & Legislation

Rules of the purchase facility applicable to **majority of Single Scheme member** categories made under:

- **S.I No. 252 of 2019 and Circular 15 of 2019**

Rules of the purchase facility specifically for members of the **Permanent Defence Force** made under:

- **S.I No. 73 of 2020 and Circular 6 of 2020**

Purchase – Overview

- Operates on a cost-neutral basis to the Exchequer
- Cost to member is based on actuarially calculated cost to the Exchequer of paying purchased benefits at a member's normal retirement age
- Pension and lump-sum costing tables depending on member's normal retirement age
- Normal Retirement Age is currently 66 years of age for all standard accrual members – see Circular 24 of 2020.
- Use **Table 5** (pension) and **Table 6** (lump-sum) only for purchase cost calculations in respect of standard accrual members.

Tables 1 to 4 not currently applicable!

Purchase – Overview

An Roinn Caiteachais
Phoiblí agus Athchóirithe
Department of Public
Expenditure and Reform

- Actuarial tables set out cost to buy **€1** of extra pension or lump-sum retirement benefits on the basis of:
 - *Standard Accrual member's Normal Retirement Age of 66 and,*
 - *age the member will be on his/her birthday in the 12- month contract period*
- Purchased pension and/or lump sum benefits added to a member's accrued pension and lump sum referable amounts built up over the course of pensionable employment

Purchase – Overview

Purchased referable amounts treated in the same way as referable amounts built up in pensionable employment:

- *be included on member Annual Benefit Statements and,*
- *purchased benefits uprated in line with CPI*

Purchase – 12-month Contract Period?

Purchase – 12-month contract period

- Regulations make legal provision for a 12 month-contract period, determined by individual Relevant Authorities, within which the calculated cost to purchase benefits must be paid by an eligible member
- Depending on local arrangements, Relevant Authorities can provide that calculated cost to purchase by a member is paid by once-off lump-sum payment or on a periodic basis **within the 12-month contract period**
- Relevant Authority “**Notice Period**” may assist Relevant Authorities with the practical administration of the Scheme

Purchase – Member Eligibility

Purchase – Member Eligibility

To be eligible a Scheme Member must

- have completed the **24-month vesting** period prior to the start of the 12-month contract period
- have the capacity for **9 FTE years service** to the member's Normal Retirement Age or contract end date. This means, for example, a member working to an FTE of 0.50 would be required to have the capacity to work for 18 calendar years.

One purchase only permitted per 12-month contract period only

Purchase Limits

Purchase Limits

- The purchase limit is the maximum in pension and/or lump-sum benefits that an eligible member is permitted to purchase. Limits for some members may be calculated as a minus figure meaning the member **cannot** purchase extra benefits
- Where a calculated limit is a minus figure, this means the member in question is ineligible to purchase additional retirement benefits

Purchase limits are calculated on the basis of a series of factors which include the **Purchase Multiplier**, arrived at by assessing **FTE years** as a Single Scheme member from:

- *start date in pensionable employment to,*
- *Normal Retirement Age or contract-end date as applicable*
- *Years to the Normal Retirement Age or contract-end date are rounded down, **whole years only***

Purchase Limits

- Period of Scheme membership restored as a result of repayment of refunds under scheme can be included
- Members are assumed to remain on current FTE work-pattern to the Normal Retirement Age or contract-end date as applicable
- Depending on member category – Permanent Defence Force or all other member cohorts – applicable circular contains table with purchase multiplier

Purchase Costing

1. Complete purchase eligibility assessment
 2. If eligible, source additional HR/Payroll/Pension data
- (Factors A – G)**
3. Determine applicable purchase multiplier from **Circular 15 of 2019**
 4. Determine the applicable maximum pension referable amount that can be purchased and cost to purchase €1 pension referable amounts during contract period
 5. Determine the applicable maximum lump sum referable amount that can be purchased and cost to purchase €1 lump sum referable amount during contract period
 6. Prepare and issue peer-reviewed purchase quotation to member

Purchase - Refund Scenarios

Two scenarios where full or partial refund of cost to purchase pension referable and/or lump sum referable amounts may be payable

Scenario 1 - full refund where member

- ceases to be a Scheme member **and**
- hasn't met eligibility requirement to be a Single Scheme member for 9 FTE years

Scenario 2 - partial refund where member

- meets the 9 FTE years requirement but
- leaves pensionable employment prior to reaching his/her normal retirement age

In order to be eligible to purchase, a member of the Single Scheme must meet which primary eligibility criteria?

- A. Must have the capacity for 9 FTE years as a member of the Scheme only*
- B. Must be vested only*
- C. Must be vested and must have the capacity for 9 FTE years as a member of the Scheme*

**C, vested and capacity
for 9 FTE years**

The requirement for 9 FTE years as a member of the Scheme means that a member working to a pattern of 50% since commencement of pensionable employment would need to be in pensionable employment for 18 calendar years:

True

The “purchase multiplier” used in calculating purchase limits is arrived at by assessing what?

- A. Period in whole, FTE years from start date in pensionable employment to the Normal Retirement Age*
- B. Period in whole, FTE years from vested date in pensionable employment to the Normal Retirement Age*
- C. Period in whole, FTE years from start date in pensionable employment to the maximum retirement age of 70*

**A, period in whole FTE years
from start date to NRA**

Transfer Example

Ref	Description	Data	Source
A	Annual Pensionable Remuneration (expressed on full-time basis) for <i>most recent year</i>	€52,000.00	Payroll
B	State Pension (Contributory) rate at <i>end of "most recent year"</i>	€12,956.29	DEASP / Payroll
C	Total pension referable amounts earned (and purchased) up to end of <i>most recent year</i>	€1,595.10	Annual Statement
D	Pension referable amounts earned in <i>most recent year</i>	€332.29	Annual Statement
E	Total lump sum referable amounts earned (and purchased) up to end of <i>most recent year</i>	€9,172.44	Annual Statement
F	Lump sum referable amounts earned in <i>most recent year</i>	€1,943.27	Annual Statement
G	Time (in whole calendar years, rounded down) to date of retirement (NRA) from end of <i>most recent year</i>	12 years	Calculation

****The “most recent year” is the January to December year before the commencement of the 12-month contract period, in this case 2019***

Transfer Example – Pension Limit

A	B	C	D	G
€52,000	€12,956.29	€1,595.10	€332.29	12 years

Limit Calculation Formula: (**A** /2) - **B** - **C** - (**D** x **G**)

Limit Calculation Formula: (€52,000/2) - €12,956.29 - €1,585.10 – (€332.39 x 12)

= €7,469.93

Transfer Example - Cost

Transfer Example

Transfer Value: €195k

Pension Referable Amount Limit: €7,469.93

€24.28 to buy €1 in pension referable amounts

€7,469.93 in pensionable referable amounts would consume
€181,369.90* of the Transfer Value

***€7,469.93 x €24.28**

Transfer Example – Lump Sum Limit

A	E	F	G
€52,000	€9,172.44	€1,943.27	12 years

Limit Calculation Formula: $(A \times 1.5) - E - (F \times G)$

Limit Calculation Formula: $(€52,000 \times 1.5) - €9,172.44 - (€1,943.27 \times 12)$

= €45,508.32

Transfer Example

Transfer Value: €195k

Lump-sum Referable Amount Limit: €45,508.32

€0.97 to buy €1 in lump-sum referable amounts

€45,508.32 in lump-sum referable amounts would consume
€44,143.07* of the Transfer Value

***€45,508.32 x €0.97**

Transfer Example

Pension Referable Amount Purchase Limit:

Calculated at €7,469.93

Cost to purchase €1 in extra pension referable amounts:

€24.28 to purchase €1 in extra
pension referable amounts

To purchase limit in
pension referable amounts:

$€24.28 \times €7,469.93 =$

€181,369.90

Lump-sum Referable Amount Purchase Limit:

Calculated at €45,508.32

Cost to purchase €1 in extra lump-sum referable amounts:

€0.97 to purchase €1 in extra
lump-sum referable amounts

To purchase limit in
lump-sum referable amounts

$€0.97 \times €45,508.32 =$

€44,143.07

Transfer – Example Overview

Pension Referable Amount Purchase Limit:

Calculated at €181,369.90

Lump-sum Referable Amount Purchase Limit:

Calculate at €44,143.07

Total Cost:

$$€181,369.90 + €44,143.07 = \mathbf{€225,512.97}$$

As the Total Transfer Value (€195,000) is less than the Total Cost (€225,512.97), this means that the member **can transfer the full value** of their previous pension scheme to the Single Scheme

If the Total Transfer Value was greater than the Total Cost, the member would have to forego the difference

To be eligible for transfer a member

A. must be vested in the Single Scheme?

B. member must have the capacity to complete the vesting period

**B, must have the capacity to
complete the vesting period**

Transfers from UK registered pension schemes into the Single Scheme are permitted?

False

Once an inward transfer of benefits to the Single Scheme has been completed, a member may change their mind?

False

When sourcing Factors A to G for purchase or transfer, the data required relates to the “most recent Scheme Year.” What is the “most recent Scheme Year” where a Relevant Authority 12-month purchase contract period will start in Jan 2021?

A. 2019

B. 2020

C. 2021

B, 2020

Purchase/Transfer – Impact on benefits

Category	Reduction Required?	Comments
Cost Neutral Early Retirement (CNER)	Yes	Circular 18 of 2017
Ill-Health Retirement	No	Purchased referable amounts used in calculation of IHR pension and lump sum
Death in Service	No	Purchased referable amounts at date of death can be used in calculation of Spouse/Child Benefits

Payments relating to purchased referable amounts whether by way of actual purchase or transfer must be included in ongoing remittances by Relevant Authorities to the Minister for Public Expenditure and Reform

Finally....

- Members should be advised to seek independent financial advice whether seeking to purchase or transfer-in benefits.
- There may be better optimised options for members outside of the purchase facility ...
- Administrators not permitted to provide advice to members

Training Resources

Recruitment – Pension Scheme Membership Assignment

Context: This training video focuses primarily on the Applicant Declaration Form template available in our Recruitment Toolkit. It also references the other Employer resources available on our website as well as the *Public Service Pensions (Single Scheme and Other Provisions) Act 2012* referred to as the “2012 Act” throughout the video.

Purpose: The purpose of this video is to provide Administrators with an overview of the information needed at the recruitment and onboarding stage in order to make the right decision on which pension scheme to assign a new recruit to a pensionable post into. The video is complemented by a table linking to other important resources on this website that Administrators may wish to refer to for further guidance.
